Revised: June 12, 2020

Plan for Eucharistic Adoration

Our plan is the following:

- We intend to begin on Monday, June 7th.
- We will remind all regular adorers that they should feel no pressure to begin Adoration now if they've done it in the past but aren't comfortable with
- We will remind that all people who are feeling sick must stay home and call our captain for adoration. Each person must assess their personal risk before participating. Each person must assess their wellness regarding COVID-19 Symptoms and be open with Captains. They must communicate with captains about subs.
- Adoration will begin after weekday Mass and will continue into the evening until 8 PM Locations: OLOL Church M, F, Sat; SM Church: T, W; Holy Family: R
- Adoration will be done in the main body of St. Mary's Church ONLY, providing the most space to reduce risk of spreading disease (St. Mary's has a capacity of 800)
- Blessed Sacrament will be on the main altar with candelabras
- Masks will be encouraged with people doing Adoration
- We will designate one door for use to enter into church for Adoration
- Sanitizer will be made available on the way in
- Little cards will be provided for people to take and place on the pew where they sat to mark where sanitization is needed
- Pews have been roped off (2 pews in between) to space people out and to provide for sanitization
- Hymnals in the pews have been removed
- People will be instructed to keep the 6 feet social distancing at all times
- People who have been committed adorers in the past will be asked to cover the various time-slots throughout the day and week to make sure we have people to stay with the Blessed Sacrament
- Bathrooms and hallways leading to them will be marked with social distancing markers to help people keep the social distancing length
- Any other directives and principles in your document "The Art of Reopening our Churches".
